The work will we be doing

BBV will be carrying out non-intrusive survey works to the existing carriageway and drainage system at the roundabout - Lavender Hall Lane and Hallmeadow Road, Balsall Common.

When these works will take place

Works are scheduled to take place on Friday 30 April 2021, for one day, weather permitting.

HS2 during the Coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

Duration of works

- Works are scheduled to start 30 April 2021 for one day only.
- Our working hours will be 8.00am until 6.00pm.
- Our workforce can be on site 1 hour before and after to set up and take down our work equipment.

What to expect

- Traffic management vehicles and welfare facilities.
- Low levels of noise from the work we are completing.
- Slight delay to journey times.

What we will do

- Keep you up-to-date with any changes www.hs2insolihull.co.uk
- Keep all sites safe and secure.
- Ensure that there is clear signage in place.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
