Notification

# Notice of closure – Berkswell Station

**February 2022 | www.hs2.org.uk**

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

## The work we will be doing

Network Rail working on behalf of BBV will be carrying out **new installation works** for the lowering of the overhead power lines of the West Coast Main Line - near to Berkswell Station where HS2 crosses via a new overbridge.

These works are due to take place from 1.40am on Saturday 16 April through to 5.00am on Tuesday 19 April, during a full railway possession/closure.

The West Coast Main Line will be closed, and Network Rail will be providing a shuttle bus service between Leamington Spa and Nuneaton Stations during this closure.

The workforce will access the railway through the rear of Berkswell Station car park and Truggist Lane compound. We will keep you updated through www.hs2insolihull.co.uk .

## HS2 during the Coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue, as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk**

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
