UPDATE - Notice of road closure – Lavender Hall Lane – Berkswell

May 2023 | **www.hs2.org.uk**

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

UPDATE

We previously notified you that Lavender Hall Lane would close on 22 May and reopen on the 23 June. Due to an unforeseen circumstance this work has been delayed and will now close from 5 June 2023 until 1 July 2023.

The work we will be doing

The new railway will pass under a new bridge on Lavender Hall Lane, before construction commences there are a number of important utilities that need to be diverted so that our works do not affect the supply to nearby communities. In order for us to do this safely we will need to close Lavender Hall Lane for a period of four weeks. There will be a fully signed diversion via Meriden and access for residents within the closure will be maintained. Please note that for safety reasons when Lavender Hall Lane is closed Solihull MBC require us to also close Baulk Lane, again access for residents within the closure will be maintained.

When will the work take place

The road will close on 5 June and reopen on the 1 July. The road will be closed 24 hours a day seven days a week although we will only work during our normal working hours which are 8am-6pm Monday to Friday, 8am until 1pm on Saturdays and not at all on Sundays and Bank holidays.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

The works will be in place 24 hours a day seven days a week from 5 June until 1 July.

What to expect

Fully signed diversion.

Longer journey time following the diversion - Allow 10 Minutes.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: https://www.groundwork.org.uk/hs2funds
